

## Feedback Session with KS2 representatives

Blue post it notes answering "What would make a local area feel safe?"

After running a "Day In The Life" drama re-enactment of when the students access the local area, we looked in detail at 4 main locations.

In partners/small groups, they focused on one area and spoke about what made this feel safe and unsafe.

The group then voted on what would be the most relevant for the Y5s to focus.
